Letter from the CEO

Women are the most beautiful creatures God put upon this earth. It shouldn't matter how much bottom one has or if they have any at all.

A woman should be known for her beauty such as: the structure of her face, the lining of her cheek bones, the color of her eyes, the setting of her lips. The dimensions of her body: the perfection of her breast, the sleekness of her waistline and the curvature of her hips.

Our mission is to publish beautiful women from all over the world.

That's what Flava Girl is all about. We want to include all women no matter what shape, size or color. Which is why we invite you into the House of Flavas.

Where There's Something For Everyone...

I hurried and changed into my turquoise bikini and slid back on my short blue jean mini skirt. I looked like a super model as I sized myself in the mirror. My breasts screamed for some attention as they damn near busted out my bikini top. I loved to show off the areas that I was overly blessed with. Which meant that any opportunity I had, I would reveal plenty of cleavage and wear jeans that hugged my ass and hips tighter than a man's hands. I was on a mission and was hoping that he could complete it. So if that meant meeting up with a complete stranger at a raunchy hotel, then so be it.

I knew a lot of females that always wondered why I constantly met up with dudes off the internet instead of just having a boyfriend. The way I saw it was that if I had a man that thought he could keep tabs on me, I wasn't gonna be able to feel any sense of freedom. He would want to know where I'm going and who I'm going with. I felt as though I didn't have to check in with nobody, I was a grown woman. Plus, I always had the bad habit of telling the truth; even when it hurt. So to spare others feelings when it came down to a relationship and being faithful, I decided that having a boyfriend wasn't for me at the time. No commitment, no guilty conscience.

When I walked inside the open room door, he was sitting on one of the twin beds smoking a blunt. The aroma was strong as hell as I attempted to breathe sparingly. He wasn't wearing anything, but a pair of Bob Marley swimming shorts; revealing his chiseled muscular frame. I wanted to lick all over his body until his skin reeked with my saliva. Lloyd's "I Want You" played from his Play Station that he had hooked up to the hotel TV.
"Wusup Miss Pleasing." He looked over at me as he sized my body.
"Please don't call me that, my real name is Jamia."
"Aight Jamia," he stressed my name. "Wusup with you? Smelling all good and shit."
"Thank you." I said nonchalantly as I sat on the other twin bed. He was so fine, but I didn't want to let him know that because he looked like the type of dude that would take all the compliments he received to the head. "So what's your real name?" I asked.
"Jeremy." He said right before taking another long inhale of his blunt. "You wanna hit this?" he asked as he tried to pass it to me. I just nodded my head no. I was ready to fuck.
"N'all, I don't wanna hit shit, but it would be nice if you could hit something." I said in a sexual tone as I looked at him seductively, hoping he would get the hint. He looked over at me and smiled..

We headed out to the pool and just chilled for a couple of minutes. He actually had the nerve to get in that dirty ass water. I told him he couldn't come no where near close to me until he took a shower, he just laughed. I laid out my towel that I had bought with me on the cement and just relaxed on it as I watched him swim. He was so damn sexy that it just didn't make no sense. I was ready for him to be inside of me, but I didn't know exactly how to tell him without being so blunt and straight forward.

"Jeremy!" I yelled after him. He stopped butterfly stroking and looked over at me. I gave him the finger, indicating for him to come here. He smiled then obeyed.
"You know I like the way you stroke right?" I confessed to him as I rubbed his firm chest. "Let's see if you can live up to your name, you know, fucking me all out in the open?" I wanted him to know that I was ready for him and he needed to stop procrastinating. I was getting tired of trying to throw all these damn hints to him that I was hornier than a mutha fucka. I shouldn't have had to because he already knew what I was there for; to fuck. He walked towards the nearest steps and got out of the water; making his way over to where I was sitting. He climbed on top of me and laid me back on the big beach towel as he tongued me down. I didn't resist at all. I wrapped my arms around his neck and straddled my legs and wrapped them around his waist. I could feel the mold of his semi hard dick through his pants as I started to lick on his ear. He loved that shit.

After about five more minutes of kissing and sucking, it was on. I inched my skirt up over my hips and pulled down my bikini bottom as he unfastened his swimming trunks. He kneeled over me as I grabbed the shaft of his erect dick and started licking the head of it like a double fudge ice cream cone. Surprisingly, it didn't taste like chlorine at all. I put the tip of it in my mouth, but instead of automatically sucking on it, I moved my head in a circular motion while slowly sliding and easing my mouth all the way down. Inch by inch, my mouth was being filled with his big, black, juicy dick. He grabbed the back of my head and started rubbing it as he tried to make his dick go deeper and deeper inside my mouth. I hated when men did that. I stopped.

"Damn baby, what now?" he said in disappointment. "She's ready." I answered referring to my pussy. He already knew what time it was. I laid my head back on the towel and spread my legs. He placed his head in between my thighs then his face disappeared in my pussy. I just loved the way his tongue felt stroking and flicking against my clit. He nibbled on my clit then slurped my pussy lips into his mouth. My legs began to shake as I felt myself about to climax. He stopped and began to stroke his dick with his right hand, getting ready to fuck the hell out of me. He grabbed his shorts that were lying next to him and reached inside his pockets, getting out a condom. He ripped the gold foil with his teeth then slid the rubber on; making sure that it was secure. I straddled my legs long enough for him to climb on top of me and slide his dick in my pussy. He went in easy at first, going nice and slow. But once that mutha fucka saw that I was used to his length, he was an animal. It felt like he was trying to get his whole body in my pussy. As he pushed harder and harder, I held onto his arms with my head buried in his chest. He grabbed my legs and put them on top of his shoulders then he pounded away. The feeling of his balls slapping against my ass crack had me going crazy. My eyes automatically rolled to the back of my head as I felt a pleasure that was indescribable.

He stopped and told me to get up and bend over one of the patio chairs. I obeyed. He inserted me from the back and fucked me doggy style while he stood up. My legs were spread wide and my knees were planted on the edge of the seat cushion as I held onto the back of the chair for dear life. I bounced back on his dick as we grinded with the same rhythm. He smacked my ass as my moans grew louder. I stopped bouncing and grinding on his dick as he grabbed my ass and let my ass cheeks bounce on that shit. It felt kinda funny, but it felt good; like my ass was vibrating in the palm of his hands as my booty jiggled with each bounce.

"What's my name?!" he demanded.
"Jeremy!" I managed to get out.
"Who pussy this is?!" he said as he pounded even harder.
"Yours!" I screamed out.
"Who pussy this is?!" he repeated.
"Yours! Now shut the fuck up." I wanted to say, but all that came out was moans of pleasure. I bit down on my lip and hoped the feelings that I felt at that very moment, would last forever.

This was definitely an internet date I was never gonna forget. When I got back home about 3 hours later, I had one new email; it was from Jeremy. A smile immediately spread across my face as I replayed the moments that had just went down. That nigga definitely knew how to make a woman catch an orgasm. From licking to sticking, he had the power. He had taken me there so many times that I had lost count. Anyways, the subject line of his email said ALL_OUT_N_DA_OPEN; just like his screen name. I clicked on it and read the message out loud.

Jamia,
Just letting you know that I DID live up to my name. ALL_OUT_N_DA_OPEN

I found myself pondering over that statement. Shit…I was confused as hell. What did he mean by that? I DID live up to my name. Was he trying to be funny or some shit? I just shook it off and clicked on the attached document at the bottom of the screen. It was a video. A fucking video. Literally, a fucking video. Me and him. There I was holding on to an iron patio table as he was hitting me from the back, hard as hell. He even had the nerve to have Usher's "Dot Com" playing in the background; but low enough so it wouldn't overpower the sound of my moans. I hadn't even known he had someone videotaping us the whole time. And they had like the perfect angle too. It looked as though they were recording from one of the hotel rooms on the second floor. I put my hands over my mouth once I seen a close up of me getting cum squirted all over my face. I had never seen an actual flick of me before, but in a way, I was damn pleased with my performance.

After the flick ended, ALL_OUT_N_DA_OPEN popped up on the screen in a pin striped business suit and hat that he had on earlier when I seen his profile online. He turned towards the camera, removed the cigar that was in his mouth and then spoke:

Yeah wusup Jamia. If you're viewing this video then I know you're sprung from this dick. But don't smile too quick 'cause I'm not very fond of you. As a matter of fact, I despise you. Stupid black women like you make intelligent black men, as myself, look bad. You turn to the internet to find relationships when there are decent men right in front of your face, everyday. But you don't give them a chance because you're selfish. You're an egotistical self-centered woman. But you won't be selfish today. By you clicking on this document that you're viewing now, you have already agreed to release this video ALL over the internet. By tomorrow afternoon, everyone in America will know what position you like the best and by tomorrow evening, the whole world will know just what it looks like to have your lips coated with nothing, but my cum. You've just been exposed. So like I said before, I DID live up to my name…by putting yo shit ALL OUT IN THE OPEN.

WELCOME TO THE WEB!!!
You gotta be careful of what you do…and who you do it with.
